**ATEX CONFORMITY DECLARATION**

Following to your request, we inform you that the family product

**ACCIAIO ECO LED**

*Lighting Luminaire. Ceiling/suspension installation. Protection Degree: IP66.  
Provided with electronic driver.*

is manufactured according to EN publication:

- |                     |   |
|---------------------|---|
| <b>EN 60598-1</b>   | Luminaires - Part 1: General requirements and tests                           |
| <b>EN 60598-2-1</b> | Luminaires. Part 2 : Particular requirements. Section two -Recessed luminaire |
| <b>EN 62471</b>     | Photo-biological safety of lamps and lamp systems                             |

Moreover, assembled with relative ATEX kit(code 15018) compound by an ATEX certified glands, the specific ATEX labels and an high-performance gasket, ACCIAIO LED is complies to the requirements of the directive 2014/34/EU with follow classification:

For GAS Zone: **Group II Cat 3G Ex nA II B T4 X**  
For Dust Zone: **Group II Cat 3D Ex tc IIIC T100°C**

According to the relevant requirements of following standards:

- |                    |  |
|--------------------|--|
| <b>EN 60079-0</b>  | Explosive atmospheres. Equipment. General requirements                     |
| <b>EN 60079-15</b> | Explosive atmospheres. Equipment protection by type of protection "n"      |
| <b>EN 60079-31</b> | Explosive atmospheres. Equipment dust ignition protection by enclosure "t" |

It should be noted that, as for all ATEX classified materials and products, state of the art installation of Beghelli luminaires done by a competent installer according to the appropriate ATEX zone classification is necessary.
