## Easy smart lighting

With an elongated design and vintage feel, this Bluetooth-capable LED Edison bulb featuring a coiled filament can make a statement in any room. Filament bulbs can do everything other smart bulbs can do, including dimming and brightening.

### Limitless possibilities

- Vintage design meets modern capabilities

### Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice\*
- Set the right mood with soft white light
- Unlock full suite of smart light features with Hue Bridge

# Highlights

## Vintage design meets modern

Capture the popular look of Edison bulbs, featuring a distinct glowing inner coil and transparent globe, with smart filament bulbs. These smart retro-style LED bulbs combine the look and feel of simple vintage design with the power of Philips Hue smart lighting.

## Control up to 10 lights

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

## Control lights with your voice

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room or just a single lamp.

## Set the right mood with light

Hue bulbs and light fixtures use a soft white light. Dimmable from bright daylight to low nightlights, these smart lights allow you to fill your home with just the right level of warm light when you need it.

## More features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting setup. Control your lights while away from home or add accessories such as motion sensors and smart switches.

# Specifications
